SEVEN WEEKS TO A BETTER ACT® SCORE

your life.

WHY 7 SESSIONS?

Our 16-hour course is spread over seven weeks and allows students to absorb and retain more information compared to a one-day class. Class sizes are between 12-30 and are instructor-led. Many other ACT® test preparation classes are offered in a one day session by other companies. One day options may be enticing, but hour-for-hour, they are more expensive, less effective for retention, and class sizes can reach up to 75-80 students.

ABOUT THE ACT® ASSESSMENT

The ACT® test is a standardized college entrance examination that measures knowledge and skills in English, mathematics, reading/writing, and science reasoning as well as the application of these skills to future academic tasks. The test is typically taken during the junior or senior year. The ACT® test consists of four multiple-choice tests:

English	75 questions	45 minutes
Math	60 questions	60 minutes
Reading	40 questions	35 minutes
Science	40 questions	35 minutes
Optional writing test		40 minutes
